

SEPTEMBER – DECEMBER 2023 CLASSES AND EVENTS AT FOTO FORUM

Except where noted - All group classes are \$49.99

SEATING IS LIMITED. Please register in advance!

You can register in the store or call 602-263-0084.

(Private instruction is also available. Please talk to our pros for details.)

Saturday, September 2nd @ 9am - A Button Tour of Sony Cameras

Saturday, September 9th @ 9am - A Button Tour of Canon Cameras

Saturday, September 16th @ 9am - A Button Tour of Nikon Cameras

These are entertaining and mostly non-technical classes to help you set up your new digital camera for great pictures and or video. You will learn what all those confusing buttons do and why you might want to use or ignore them. We'll recommend settings to speed up your camera and the picture taking process. This is a basic class recommended for beginners.

Saturday, September 23rd @ 9am - Photo Fundamentals

Bring your camera and let's talk technical photography basics! Take the mystery out of focal lengths, ISO, F-stops, and shutter speeds. We'll define them without confusion. There will be examples and hands-on demos. There's a minimum of math and a maximum of fun! Recommended pre-requisite: **Button Tour**.

Saturday, September 30th @ 9am - Composition Basics

What makes a good photograph? We'll show you simple techniques to make your snaps more interesting - so they will catch your viewers' eyes and engage their brains.

Saturday, October 7th @ 9am – Portrait Lighting

Get portrait lighting tips from a professional photographer. Try out different lights and light modifiers. Go outdoors with reflectors and learn to use your flash for fill lighting and background improvement. Learn successful posing techniques. This class is packed with great tips.

Saturday, October 21st @ 9am – Intro to Video

This class will be a crash course in video creation. From settings to basic color grading, you will learn it all. This primarily uses Sony mirrorless cameras, but any camera that records video applies. However, older cameras will be handicapped due to technical limitations.

Saturday, October 28th @ 9am – Intro to Editing Photo/Video

This class is a brief introduction to editing still photos with Lightroom and video with DaVinci Resolve. We will discuss the basics of RAW photo editing to produce a quick yet effective edit. We will also discuss the use of plugins in conjunction with Lightroom. We will also review this process in Davinci Resolve for traditional 16X9 editing and the 9X16 aspect ratio for social media. A laptop is not required, but is recommended.

Saturday, November 4th @ 9am - A Button Tour of Sony Cameras

Saturday, November 18th @ 9am - A Button Tour of Canon Cameras

Saturday, November 25th @ 9am - A Button Tour of Nikon Cameras

These are entertaining and mostly non-technical classes to help you set up your new digital camera for great pictures and or video. You will learn what all those confusing buttons do and why you might want to use or ignore them. We'll recommend settings to speed up your camera and the picture taking process. This is a basic class recommended for beginners.
